# SCHOLARSHIP

# PROGRAM

Expand your education while making a difference.

This scholarship is available to health profession students who are interested in gaining additional knowledge and experience in rural and medically underserved areas.

**Open to students at any accredited college or university!**

## Scholarship Requirements:

- Must be enrolled in a health professions degree program.
- Must be at least two years away from program or degree completion.
- Commitment to two years in the program, with a one-time follow-up after completion.

To remain eligible for the stipend, accepted scholars must complete 40 hours of online didactic work and 40 hours of clinical rotations within their academic program.

## Accepted Disciplines:

Dentist | Dental Assistant | Dental Hygienist | Doctor of Osteopathy | Licensed Vocational Nurse | Medical Doctor | Nurse Practitioner | Pharmacy | Physician Assistant | Masters of Public Health | Radiologic Technologist | Registered Nurse | Respiratory Therapy | Social Work | Speech Pathology
