

Mission and Vision

The mission of the Office of Faculty Development is to nurture the faculty of Texas Tech Health El Paso by providing dynamic training aimed at enhancing teaching skills, leadership skills, scholarship, and research.

The vision of the Office of Faculty Development is to assist faculty in becoming effective clinical educators, researchers, and scholars through innovative courses, workshops, and mentoring initiatives.

Office of Faculty Development

Our goal is to help faculty enhance their teaching and assessment skills, maintain competence in their discipline/specialty, achieve career advancement and professional satisfaction, engage in research and scholarship projects, develop leadership skills, and participate in academically related public service through self-discovery, group discussions, and collaborative networking.

Office of Faculty Development Programs

The Office of Faculty Development (OFD) and the Office of Continuing Professional Education coordinate training sessions to enhance faculty teaching and assessment skills. Numerous award-winning educators, Texas Tech Health El Paso education specialists, and speakers from regional academic institutions give presentations at our sessions and grand rounds.

Furthermore, the OFD has purchased subscriptions to an innovative website known as Teaching Physician for faculty and community faculty. Teachingphysician.org is a just-in-time tool for our valued preceptors. To request access, please get in touch with the OFD. This site offers videos and tips on various medical education topics, including orienting learners and precepting principles. Up to 40 continuing medical education credits can be earned by reviewing the information found at Teachingphysician.org.

The OFD will offer several Canvas asynchronous courses and synchronous sessions on selected dates from noon to 1 p.m. The courses and sessions will feature sessions from the Faculty Essentials Live series. Click on the active hyperlinks in the table headers to access the Canvas courses and to view the calendar of events to register for our sessions.

Notes

If you need a Canvas account, access, or support, please contact us at ElPasoFacultyDevelopment@ttuhsc.edu to request guidance.
