Department of Surgery
Texas Tech University Health Sciences Center El Paso
Paul L. Foster School of Medicine
El Paso, Texas
This educational activity will give surgeons, oncologists, radiation oncologists, behavioral health specialists, registered nurses, and allied health professionals a forum for interaction, communication, and education to discuss treatment options and breast cancer care.

**CONFERENCE OVERVIEW AND TARGET AUDIENCE:**

This program is designed to provide an educational opportunity for surgeons, oncologists, radiation oncologists, behavioral health specialists, registered nurses, and allied health professionals involved in the prevention and treatment of breast cancer.

**LEARNING OBJECTIVES:**

Participants will leave the conference better equipped to:

- Recognize new and innovative treatments in breast cancer care.
- Describe access to breast cancer care issues and cancer prevention.
- Discuss male breast cancer.
- Identify challenges faced in managing breast cancer patients in limited resource settings.
- Review novel biomarkers for breast cancer.
- Leverage the power of genomics toward the treatment of breast cancer.
- Identify the clinical features and cancer risks associated with high-risk and moderate risk hereditary breast cancer genes.
- Discuss NCCN management guidelines of high-risk and moderate risk breast cancer genes.

**CONFERENCE SCHEDULE: THURSDAY, OCT. 19, 2023**
