

Office of Clinical Affairs

---

December 3, 2013

Dear fellow members of the Paul L. Foster School of Medicine Professional Staff:

In accordance with our current Ambulatory Clinic bylaws, we were appointed by the Dean, PLFSOM to undertake a review and revision of our existing medical staff bylaws. We have met on several occasions to review our existing bylaws and discuss areas which required modification or clarification. Mr. William Webster has provided legal advice to the committee in their deliberations. We have reviewed the final proposed revisions as submitted to the medical staff (Version 6.0) for review and adoption. In addition, we have reviewed the supplemental document summarizing the proposed modifications to the existing bylaws and believe it accurately summarizes the proposed changes.

We recommend that the medical staff adopt the revised bylaws as presented.

Respectfully,

Michael J. Romano M.D., M.B.A.  
Chair, Bylaws Committee

Jonathan F. Cook, MD  
Department of Surgery

Mary C. Spalding, MD  
Department of Family Medicine Center

Eduardo D. Rosas-Blum, M.D.  
Department of Pediatric

Harry E. Davis II, M.D.  
Department of Internal Medicine
