Below are some year-end reminders:

1. The FY 2020 labor redistribution deadline is Aug. 31. The only exception is for the SM 17 payroll (work dates of Aug. 16 – 31). This payroll will post to Finance on Friday, Sept. 4. Please contact the Budget office by Sept. 7 if LRDs are needed for SM 17.

**Note:** The posting date for FY 2020 labor redistributions must be Aug. 31 or earlier in order to correctly post against the FY 2020 Finance ledgers.

2. All overload jobs will end on Aug. 31. EPAFs must be submitted to reinstate the overload jobs for FY 2021.
3. The Budget Revision System will use a default fiscal year of FY 2020 for all budget revisions that are started on or before Aug. 31. The system will default to FY 2021 for all revisions started on or after Sept. 1. If you need to process a revision in a fiscal year other than the default please contact the Budget Office for instructions.
4. The Budget Revision System will be unavailable on Sept. 11 to accommodate the FY 2020 year-end processes.

## Contracts and Grants Accounting: Gina Lopez, Director

In relation to externally sponsored projects, cost sharing is the portion of the total costs of a project that is born by the institution rather than the external sponsor.

# COST SHARING

meaning, definition, explanation...

The Cost Share is a commitment, either required by the Sponsor (mandatory) or proposed (volunteered) to complete the award objectives. A new fund may need to be established to accurately track and document a cost share.

Additional information on cost shares can be found in the links below:

- HSCEP OP 65.11 <https://el Paso.ttuhs.c.edu/opp/ documents/65/ op6511.pdf>.

For additional assistance, contact [grantsaccountingelp@ttuhsc.edu](mailto:grantsaccountingelp@ttuhsc.edu).

We appreciate everyone's response to the 3rd quarter Effort Certifications completed on July 22, 2020. Nevertheless, there have been instances when a re-certification has been required. This occurs when a Principal Investigator or the Certifier has already certified the time and effort and then a labor redistribution (LRD) is submitted to change payroll for the period certified.

Effort re-certifications indicate that the correction was missed during the certification process and could be construed as a lack of internal controls. Payroll corrections should be made before the certification process. Please conduct a monthly review of the payroll expenditures and the effort allocated to restricted funds.
