

IT PROJECTS SNAPSHOT

ISSUE 3 - JANUARY 2016

ACADEMIC TECHNOLOGY

EXPECTED
COMPLETION
DATE

Asynchronous Course Management Engine (ACME)

- IT recently introduced the new ACME software. Using the WebRaider Portal, users will have access to their employee trainings and records of completed sessions.
- ACME has been fully transitioned from HSC Lubbock, project has concluded.
- For questions or concerns, please contact the Help Desk at 915-215-4111, option 1, or ELP.helpdesk@ttuhsc.edu.
- To access ACME directly, click on the link below.

Curriculum Management System

- CHAMP development is entering the spring semester with training scheduled for session and student group modules, to take place in early January.
- Moving forward, IT will also begin offering software overviews to PLFSOM faculty during the spring 2016 semester.

5/19/16
(Student and
Faculty
Modules)

Learning Management System

- IT is moving forward with Canvas to replace Blackboard as the institution's Learning Management System.
- Institutional approval has been received and the project has concluded the procurement and legal review.
- Kickoff call with Instructure, Inc. took place on 12/22/15.
- Implementation phase has been started.

Summer
2016

TTUHSC El Paso IT Mobile App

- IT has launched a new mobile app, now available for download at the Google Play or the iTunes App Store.
- The IT Mobile App provides a fast and easy way to request IT support. The app will allow you to contact the Help Desk via email or call directly from your mobile device.

CAMPUS TECHNOLOGY

EXPECTED
COMPLETION
DATE

EduRoam

- IT is now providing EduRoam internet access.
- EduRoam is a stand-alone hotspot that enables subscribers to access the internet at any university that offers EduRoam network service.
- Service is currently in the testing phase. More details to follow.

TBD

Institutional Wireless Upgrade Initiative

- IT is in the assessment and analysis phase to evaluate the Wi-Fi network and create an optimized structure for TTUHSC El Paso.
- Thank you for the feedback that we have already received; it helps us gain valuable insight as we move to provide a reliable and efficient solution to our faculty, staff, and students.
- If you would like to communicate additional thoughts and ideas for us to consider please click the link below to submit your comments.

Phase 2
4/4/2016

Internet Explorer

- As you've seen in recent emails, Internet Explorer 8, 9, and 10 is coming to end of life, which means it will no longer be available or supported.
- IT is currently upgrading systems to have Internet Explorer 11 installed. The transition should be complete by January 8.
- For questions or concerns, please contact the help desk at 915-215-4111, option 1, or ELP.helpdesk@ttuhsc.edu.

January
2016

PC Refresh Program

- The PC refresh initiative is making good progress as the end of the fall semester comes to a close.
- To date, PC Support has refreshed 300 systems of 500 for fiscal year 2016.

TBD

WebEx

- Online video conferencing will soon be available through WebEx software.
- Beginning the week of January 11, IT will send out email notifications for online training.
- Online training scheduled January 14 at 10 a.m.

2/2/2016

INFORMATION SECURITY

EXPECTED
COMPLETION
DATE

Security Endpoint Migration

- As security migration moves forward, you will continue to see encryption notifications when using flash drives or other portable devices with your system.
- If you would like more information regarding the security of your portable device or system security, please contact IT at ELPITSecurity@ttuhsc.edu.
