CALL FOR ABSTRACTS
POSTER SESSION

As part of the 4th Annual Global Health Conference, there will be an opportunity to present a poster on research related to global health. Abstracts may present new information or previously published or presented information.

Posters will be displayed throughout the day of the conference; however, at least one author is required to be at the poster display for the duration of the poster session from 3:45 – 4:45 p.m. April 21, 2023.
By submitting a research abstract for display, the author(s) agree to be available to present.

The 4th Annual Global Health Conference will feature the presentation format, the International Flash Talk Presentations. If selected, authors will be asked to participate in the International Flash Talk Presentations. This new format will feature International Flash Talks by 10 poster presenters. Each speaker will have up to 5 minutes (and up to 2 slides) to highlight major findings and other noteworthy details.

For the International Flash Talk Presentations, the primary author listed on the submission form must be the speaker. The presenter will need to prepare up to 2 slides AND a printed poster for the presentation.

ABSTRACT SUBMISSIONS
Please complete the attached abstract registration and submission forms.

Email the two completed forms as attachments to DiversityInclusionGlobalHealth@ttuhsc.edu by Apr. 7th. No submissions will be accepted after this deadline.

Submission Criteria:
1. The primary author/presenter must register for the conference.
2. Each presenter may submit a maximum of two abstracts.
3. The abstract should contain:
   - A short and descriptive title (do not include acronyms in the abstract title).
   - A detailed description of the poster (500 words or less):
       o Purpose: A concise statement about the problem under investigation or hypothesis.
       o Methods: A concise statement about the experimental methods, qualitative methods, and interventions used, and/or data analyzed.
       o Results: Graphs, charts, tables, images, and bulleted lists are allowed. Specific findings must be included. Broad generalizations or the promise "to be completed" will not be accepted.
   - Conclusions/findings
   - Significance: Potential outcomes.
4. Abstracts will be accepted for presentation based on the merit of the data presented in the abstract. Incomplete or improperly executed abstracts will be rejected. Submission of an abstract does not guarantee acceptance for presentation at the conference. All decisions by the planning committee regarding which abstracts are accepted for presentation are final.

International Flash Talk awards will be provided after the presentations.

POSTER ABSTRACT SUBMISSION FORM – Page 2

AUTHORS: Forms must be TYPED to be considered.

Your submission must include the title, a description of the intended audience (50 words or less), and the abstract. The abstract must be 500 words or less; typed in Arial font 10 pt. or larger; fit within the space provided; and include your research purpose, methods, results, conclusions/findings, and significance (potential outcomes applicable to health care in the El Paso community). The title should reflect the content of the abstract and be typed in bold font. Do not include acronyms in the abstract title or as references within the abstract.

4th ANNUAL GLOBAL HEALTH CONFERENCE
Friday, April 21, 2023

Poster Session

The primary author will receive all communication about the poster session, including notification of acceptance. The poster session will take place from 11:30 a.m. to 12:30 p.m. Apr. 21, 2023, in the Medical Science Building II (MSBII) outside main auditorium.

Abstract submissions are due by April. 7, 2023.
Authors will be notified of acceptance by April. 14, 2023.

During the poster session, the presenter must remain at the display to answer questions and discuss the content of his/her display. *The planning committee cannot accommodate alternative scheduling requests. At least one of the authors must be present throughout the allotted time.*

Creating and Mounting Your Poster:

Remember that a poster is a visual presentation, so try to explain your idea in a visually appealing way. The poster should include a title, an abstract, and the author's/authors' first and last names, affiliation(s), and contact information (department, address, city, ZIP code, email). The poster should also specify the purpose, methods, results, conclusions/findings, and significance of your research. Use figures, diagrams, graphics, or easy-to-read tables to explain and illustrate your results and/or findings. Use bullets instead of sentences as much as possible. Use active, rather than passive verbs. Avoid background graphics that make the text difficult to read. The recommended minimum font size is 18 pt. The name(s) of the presenter(s) and their institutional/organizational affiliation(s) should also be included in the heading, but can be printed in a smaller font. All lettering should be easily legible at a distance of four feet. Do not simply print out 8 1/2" x 11" sheets from a PowerPoint presentation. All posters must be confined to the 4' x 8' bulletin board provided. Push-pins will be available.

If your abstract is selected for the International Flash Talk presentation, please see below for specific instructions

International Flash Talk Presentations

The 4th Annual Global Health Conference will feature International Flash Talk Presentations. This format will feature flash talks by 10 poster presenters. Each speaker will have up to 5 minutes (and up to 2 slides) to highlight major findings and other noteworthy details. The primary author listed on the submission form must be the International Flash Talk speaker. In summary, you will need to prepare up to 2 slides and a printed poster for your presentation.

The primary author will receive all communication about the poster presentations, including notification of acceptance. The poster session will take place from 3:45 – 4:45 p.m. April 21, 2023, at the at the Medical Science Building (MSB) II Auditorium.

International Flash Talk awards will be provided after the presentations.
