

Summer Seminar Series on Health Disparities

Sponsored by the Cultural Competence Program of the School of Medicine and the Center for International and Multicultural Affairs (CIMA)

The goal of this series is to inform faculty, students, and staff of the origin and prevalence of health disparities in targeted disease areas that affect populations in West Texas. The initial disease topics will be asthma, hypertension, sickle cell, and sleep disorders related to obesity.

Free lunch will be provided to the first 35 attendees.

For more information contact the CIMA office at 743-1522 or e-mail cima@ttuhsc.edu

Persons needing assistance are requested to contact the CIMA office.
