

Summer Seminar Series on Health Disparities

Sponsored by the Cultural Competence Program of the School of Medicine and the Center for International and Multicultural Affairs (CIMA)

The goal of this series is to inform faculty, students, and staff of the origin and prevalence of health disparities in targeted disease areas that affect populations in West Texas. The initial disease topics will be asthma, hypertension, sickle cell, and sleep disorders related to obesity.

Free lunch will be provided to the first 35 attendees.

For more information contact the CIMA office at 743-1522 or e-mail cima@ttuhsc.edu

Persons needing assistance are requested to contact the CIMA office.

Fiona Prabhu, MD
Health Disparities and Asthma

Wednesday, June 16
Room ACB 110
12:00 noon CST

Lecture Objectives:

- Define the health disparities that exist in the management of asthma
- Explore the reasons for the health disparities
- Discuss the attempts and recommendations to minimize the disparities
