Revathi Ravi is a second year medical student and President of the International Medicine Club.

During the summer of 2007 Revathi had the opportunity to travel to India where she spent 6 months working on a HIV project with a local physician. Her passion for AIDS research lead her back to India in 2009. At that time she had the privilege of meeting Dr. Binayak Sen. Dr. Sen is a pediatrician and human rights activist in Chhattisgarh, India. He was imprisoned for two years because of his efforts to draw attention to human rights issues. He was granted bail in May 2009 due to his deteriorating health.
