FEATURING

SEX SLAVES: TEXAS

MSNBC Undercover, Sex Slaves: Texas goes behind the doors of Houston's glittering spas, massage parlors and bustling urban bars called cantinas, teenage girls and young women sell themselves for cold cash. They all came to Texas with great hope, but their dreams of supporting loved ones back home became a nightmare of daily rape and beatings. By day, Houston, the fourth largest US city, radiates the wealth of the oil tycoons who built it. By night, one of its interstates is ground zero for the dark industry of America's underground economy—modern day sexual slavery. Fueled by a booming sex industry...buying girls in Texas has never been easier.
