

TEXAS TECH UNIVERSITY
HEALTH SCIENCES CENTER™
EL PASO

FACT BOOK 2021

FOREWORD

The Office of Institutional Research and Effectiveness (OIRE) is pleased to present the Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso) Fact Book 2021. This annually produced book is intended to be a useful source of data and information about TTUHSC El Paso, and reflects much of the data OIRE collects on behalf of the institution throughout the year. The Fact Book includes the most current data available for either an academic year or fiscal year, as well as historical facts and institutional milestones.

Most of the information included in the Fact Book reflects data reported by OIRE to state and federal agencies (i.e. Texas Higher Education Coordinating Board, US Department of Education Integrated Post-Secondary Education Data System) in order to comply with annual institutional reporting requirements. While the collection, analyses, and presentation of data contained within this edition have mainly been carried out by OIRE, other TTUHSC El Paso departments made contributions to this annual publication and are cited within the document. For a complete list of contributors and reviewers, please refer to the section on acknowledgments.

We hope that you find the TTUHSC El Paso Fact Book useful and informative, and we encourage your comments and suggestions for future editions.

Any questions concerning the material presented in this book should be directed to:

GLOSSARY

Glossary	168
----------------	---------------------

Mission Statement

The mission of Texas Tech University Health Sciences Center at El Paso is to improve the lives of people in our State and our community by focusing on the unique health care needs of socially and culturally diverse border populations through excellence in integrated education, research, and patient care.

TTUHSC El Paso Values

Service: Serve our community

- Provide excellent education, research, and patient care.
- Create positive experiences through a culture of “yes”.
- Partner with our community to improve healthcare.

Respect: Demonstrate high regard for self and others.

- Treat others as we would like to be treated.
- Be aware of how our actions impact others.
- Communicate in a courteous, kind, and respectful manner.
- Assume good intentions.
- Listen first to understand.

Accountability: Be responsible for decisions, actions, and impact.

- Acknowledge and learn from both successes and failures.
- Promote responsible management of resources.
- Be a dependable team member and leader.
- Hold ourselves and each other accountable by accepting and giving constructive feedback.
- Respond rather than react.

TTUHSC El Paso Values

Integrity: Be ethical and trustworthy in every situation.

- Honor commitments.
- Lead by example.
- Be honest in purpose, interactions, and expectations.
- Comply with laws, rules, and regulations.

Advancement: Improve the institution through creativity and discovery.

- Seek opportunities for growth, partnership, and improvement.
- Promote innovation and a culture of positive change and creativity.
- Demonstrate and Inspire commitment to lifelong learning and personal development.

Teamwork: Include diverse perspective to achieve our mission.

- Empower and energize one another to create positive growth.
- Promote a culture of diversity and inclusivity.
- Foster a fun and healthy environment that encourages team spirit.
- Recognize and celebrate contributions and achievements.
- Collaborate across disciplines and professions as one team.

Accreditation Statement

Texas Tech University Health Sciences Center El Paso is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award baccalaureate, masters, and doctoral degrees. Questions about the accreditation of Texas Tech University Health Sciences Center El Paso may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 by calling 404-679-4500, or by using information available on SACSCOC's website (www.sacscoc.org).

History

The history of Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso) began more than 40 years ago when it was founded as a regional campus of the Texas Tech University School of Medicine. The 61st Texas Legislature authorized the Texas Tech University School of Medicine in May 1969 as a multi-campus institution with its administrative center in Lubbock, Texas and regional campuses in Amarillo, El Paso, and the Permian Basin region. In 1979, the original charter was expanded, transforming the School of Medicine into the Texas Tech University Health Sciences Center. This allowed for the establishment of the School of Nursing (1979), the School of Health Professions (1981), the School of Pharmacy (1993), and the Graduate School of Biomedical Sciences (1994).

In 2009, the Paul L. Foster School of Medicine (PLFSOM) and in 2011, the Gayle Greve Hunt School of Nursing (GGHSON) were established on the regional El Paso campus to offer Doctor of Medicine (MD) and Bachelor of Science in Nursing (BSN) degree programs, ultimately leading to the formation of TTUHSC El Paso. In May 2013, Texas Governor Rick Perry signed Senate Bill 120, which established TTUHSC El Paso as the fourth independent university of the Texas Tech University System. On July 1, 2014, Richard Lange, M.D., M.B.A., assumed his role as founding president of TTUHSC El Paso and as dean of the Paul L. Foster School of Medicine. TTUHSC El Paso received its first direct appropriations by action of the 84th State of Texas Legislature for fiscal years 2016 and 2017.

In August 2014, the Texas Higher Education Coordinating Board (THECB) officially acknowledged the creation of the L. Frederick Francis Graduate School of Biomedical Sciences (FGSBS), and in January 2016 approved the Master of Science (MS) degree in Biomedical Sciences. In April 2017 the THECB approved the addition of a Master of Science in Nursing (MSN) degree to the program offerings in the GGHSON. In August 2018, the Texas Tech University System Board of Regents authorized the process to establish the Woody L. Hunt School of Dental Medicine (WLHSDM), and in October 2019 the THECB approved the Doctor of Dental Medicine (DMD) degree program to be offered by the WLHSDM, making the DMD the fifth degree program in TTUHSC El Paso's Program Inventory.

TTUHSC El Paso's primary goals include the provision of quality education and the development of academic research, patient care, and community service programs to meet the health care needs of El Paso, West Texas, and the U.S.-Mexico border region. These regions are historically underserved by health professionals due to a number of factors; geographic isolation, language barriers, and high poverty rates have all contributed. Some residents live in what are known as *colonias* – small unincorporated townships that often lack basic public utilities such as water, electricity, sewer systems, and paved roads. Moreover, demographic shifts in West Texas and across U.S.-Mexico border populations, along with the socioeconomic and epidemiologic characteristics of the region's population, have created major demands for health care services. TTUHSC El Paso aims to address these demands by providing excellence in undergraduate and graduate health-related professional education, and by ensuring graduates become the culturally competent and compassionate health care professionals needed in the border region.

TTUHSC El Paso strives to achieve a diverse student population by recruitment of underrepresented students, students of various age groups, and students with diverse socioeconomic, academic, and life experiences. This includes recruitment of applicants from West Texas, El Paso, and regional rural and border communities. Understanding that students are more likely to service their home regions upon graduation, TTUHSC El Paso seeks to train qualified students from these areas in order to ensure long-term quality healthcare in local and regional communities.

TTUHSC El Paso Timeline 1969-1979

1970's

- 1969 Texas Tech University School of Medicine (TTUSOM) is created by the 61st Texas Legislature as a multi-campus institution with Lubbock, Texas as the administrative center.
- The legislative enactment directs that clinical training sites in Regional Academic Health Centers be established in Amarillo, the Permian Basin, and El Paso.
- 1972 Texas Tech University System (TTU System) Regent Judson Williams makes a motion to establish El Paso as a regional academic health center for the TTUSOM. Named the El Paso Academic Health Center, it is known now as Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso).
- 1973 First affiliation agreements are developed with R.E. Thomason General Hospital (now University Medical Center [UMC]) and Hotel Dieu Hospital and Medical Center.
- 1974 Twelve physicians transfer from R.E. Thomason General Hospital (UMC) to the faculty roster of the El Paso Academic Health Center.
- Ariel Rodriguez, M.D., is named first Associate Dean for the El Paso Academic Health Center.
- 1975 The first residency program under the aegis of TTUSOM is started in family medicine. This program is an addition to existing residency programs (obstetrics/gynecology, pediatrics, internal medicine) at R.E. Thomason General Hospital.
- The first third year medical students arrive at the El Paso Academic Health Center.
- 1976 Residency programs are strengthened in joining with William Beaumont Army Medical Center. This provides significant assistance to the R.E. Thomason General Hospital (UMC) and TTUSOM training programs.
- Affiliation agreements are established with a wide range of El Paso community facilities to be used as training centers for students and residents.
- Construction begins for the Regional Academic Health Center Building at 4800 Alberta on land donated by the El Paso County Hospital District - R.E. Thomason General Hospital (UMC).
- H. Robert Misenhimer, M.D., is named Acting Associate Dean of the El Paso Academic Health Center.
- 1978 Seventy residency positions are authorized in nine residency programs.
- 1979 The Lubbock-based TTUSOM becomes the Texas Tech University Health Sciences Center (TTUHSC).

TTUHSC El Paso Timeline 1980-1999

1980's

- 1980 William H. Scragg, M.D., is named Acting Associate Dean of the El Paso Academic Health Center.
- 1981 Robert L. Tuttle, M.D., is named Associate Dean of the El Paso Academic Health Center and Assistant to the President for Health Affairs.
- Construction of the Regional Academic Health Center Building at 4800 Alberta is completed, providing 67,000 square feet of space for faculty, students, and residents.
- 1984 Area Health Education Center (AHEC) opens to develop health profession education coordination across West Texas.
- Donald Kettlekamp, M.D., is named Associate Dean of the El Paso Academic Health Center and Assistant to the Vice President for Health Affairs.

1990's

- 1988 Joseph Brown III, M.D., is named Associate Dean and Assistant to the Vice President and Provost.
- 1991 The Texas Higher Education Coordinating Board (THECB) approves cooperative Master of Science in Nursing certified Nurse-Midwifery education program between the University of Texas at El Paso (UTEP) and TTUHSC, the first in the State of Texas.
- 1993 Texas increases the number of first-year entering medical students at TTUHSC from 100 to 120. All 20 additional students are destined to El Paso for third and fourth-year clinical training.
- 1994 Gary W. Welch, M.D., is named Regional Dean of the El Paso Academic Health Center.
- 1997 Jose Manuel de la Rosa, M.D., is named Regional Dean of the El Paso Academic Health Center.
- 1998 TTUHSC celebrates 25 years of presence in the El Paso community.

TTUHSC El Paso Timeline 2000-2014

2000's

- 2003 Texas Legislature authorizes the establishment of a four-year medical school in El Paso.
- 2006 Ceremonies are held for the openings of the Medical Sciences Building and the Medical Education Building.
- 2007 The patient clinics of TTUHSC El Paso integrate to become the Texas Tech Physicians (TTP) of El Paso.
The Paul L. Foster School of Medicine (PLFSOM) is officially named and established.
- 2008 Jose Manuel de la Rosa, M.D., is appointed as Founding Dean of the PLFSOM.
TTUHSC Anita Thigpen Perry School of Nursing expands to El Paso.
Josefina Lujan, Ph.D., R.N., is named Regional Dean of the Perry School of Nursing in El Paso.

2010's

- 2009 First class of medical students is seated at the PLFSOM.
- 2011 The Texas Higher Education Coordinating Board (THECB) approves establishment of a freestanding school of nursing in El Paso.
The Gayle Greve Hunt School of Nursing (GGHSON) officially opens in El Paso and seats its first class of nursing students.
- 2012 Jeanne Novotny, Ph.D., R.N., is appointed Dean of the GGHSON.
The TTUHSC L. Frederick Francis Graduate School of Biomedical Sciences (FGSBS) opens a regional branch in El Paso with seven students.
- 2013 Texas Governor Rick Perry signs Senate Bill 120, establishing TTUHSC El Paso as the fourth independent university in the Texas Tech University System (TTU System).
Tedd Mitchell, M.D., President of TTUHSC is named Interim President of TTUHSC El Paso.
TTUHSC El Paso celebrates 40 years of Texas Tech presence in the El Paso community.
- 2014 Richard Lange, M.D., M.B.A., assumes role as Founding President of TTUHSC El Paso and Dean of the PLFSOM.

A ribbon cutting ceremony is held for the GGHSON building.
The THECB officially acknowledged the creation of the FGSBS. The FGSBS in El Paso becomes the third freestanding school on the TTUHSC El Paso campus.

TTUHSC El Paso Timeline 2016-2019

2010's cont.

- 2016** The L. Frederick Francis Graduate School of Biomedical Sciences (FGSBS) Masters of Science Program and Post Baccalaureate Certificate in Biomedical Sciences are approved by the Texas Higher Education Coordinating Board (THECB).
- The THECB granted preliminary authority to plan the Doctor of Dental Medicine (DMD) degree program.
- Dr. Rajkumar Lakshmanaswamy, Ph.D., is appointed Dean of the FGSBS.
- 2017** A Master of Science in Nursing (MSN) program is approved by the THECB.
- The Paul L. Foster School of Medicine (PLFSOM) Continuing Medical Education (CME) program is granted full accreditation with commendation by the Accreditation Council for Continuing Medical Education (ACCME).
- The Gayle Greve Hunt School of Nursing (GGHSON) baccalaureate degree program in nursing is granted accreditation by the Commission on Collegiate Nursing Education (CCNE).
- 2018** Dr. Paul E. Ogden, M.D., is appointed Provost and Vice President of Academic Affairs.
- Dr. Stephanie Woods, Ph.D., R.N., is appointed Dean of the GGHSON.
- Dr. Richard C. Black, D.D.S., is appointed Dean for the WLHSDM.
- First class of Master of Science in Nursing (MSN) students is seated at the GGHSON.
- The Texas Tech University System (TTU System) Board of Regents authorized the process to establish the WLHSDM, and the Doctor of Dental Medicine (DMD) degree program.
- The PLFSOM medical education program is granted continuation of full accreditation by the Liaison Committee on Medical Education.
- Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso) is granted initial accreditation with commendation by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC).
- 2019** The TTUHSC El Paso PLFSOM celebrates its 10th anniversary year.
- The GGHSON holds its first White Coat Ceremony. TTUHSC El Paso is the only university in El Paso to hold white coat ceremonies for its students.
- TTUHSC El Paso becomes the official health care provider for El Paso's professional soccer team, the El Paso Locomotives FC.

TTUHSC El Paso Timeline 2020

2020

2020 On January 30, the Woody L. Hunt School of Dental Medicine (WLHSDM) received initial accreditation of its Doctor of Dental Medicine degree program from the Commission on Dental Accreditation (CODA). Following approval of the doctoral program from the Texas Higher Education Coordinating Board, and approval from the Southern Association of Colleges and Schools Commission on Colleges, this was the final accreditation necessary to open the school in July 2021.

On March 3, TTUHSC El Paso officials announce that the university raised more than \$775,000 for medical student scholarships as part of its campaign celebrating the Paul L. Foster School of Medicine's (PLFSOM) 10-year anniversary.

For the first time in its history, TTUHSC El Paso holds a series of virtual commencement ceremonies for its schools due to the COVID-19 pandemic. Ceremonies for all three schools were broadcast live in May via the university's Facebook page.

TTUHSC El Paso officials break ground on the Texas Tech Dental Oral Health Clinic on July 28. As part of the groundbreaking ceremony, High Desert Oral and Facial Surgery announces a \$70,000 gift to the clinic, which serves residents of the Paso del Norte region at a reduced cost and provides improved access to oral health care.

In October, TTUHSC El Paso is awarded a \$2,997,739 federal grant from the U.S. Department of Education as part of the agency's Title V Hispanic-Serving Institutions Program. The Title V Puentes Hacia El Exito (Bridges Toward Success) program aims to increase the number of Bachelor of Science in nursing graduates to address critical nursing shortages in the Paso del Norte region.

In late December, after nearly a year of the COVID-19 pandemic, TTUHSC El Paso receives its first shipment of Moderna's COVID-19 vaccine and begins vaccinating health care professionals at Texas Tech Physicians of El Paso and others throughout the city.

TTUHSC El Paso Timeline 2021

2021

2021 On June 22, TTUHSC El Paso hosts a ribbon cutting ceremony to celebrate the completion of construction of the Texas Tech Dental Oral Health Clinic.

On July 6, the Woody L. Hunt School of Dental Medicine (WLHSDM) seats its inaugural class of 40 students, making history in the Paso del Norte region.

TTUHSC El Paso hosts the official grand opening of Medical Sciences Building II on Sept. 8. The building is home to the WLHSDM and more than doubles the university's research capacity.

On September 15, TTUHSC El Paso kicks off the 10-year anniversary of the Gayle Greve Hunt School of Nursing (GGHSON) with a welcome back barbecue attended by hundreds on campus.

TTUHSC El Paso President and Dean of the Paul L. Foster School of Medicine (PLFSOM) Richard Lange, M.D., M.B.A., is named El Pasoan of the Year by local publisher, El Paso Inc.

Gayle Greve Hunt School of Nursing

Gayle Greve Hunt School of Nursing History

The Gayle Greve Hunt School of Nursing (GGHSON) was established to address a longstanding shortage of nurses in the medically underserved U.S.-Mexico border region of El Paso, Texas. The school is committed to preparing students for successful nursing careers and meeting the challenges of today's complex health care environment through state-of-the-art nursing education enriched by an environment of interdisciplinary teamwork.

The GGHSON officially opened as a freestanding school of nursing on September 1, 2011. The school of nursing was launched through a \$10 million donation by the Hunt Family Foundation. In April 2011, the school received approval from the Texas Higher Education Coordinating Board (THECB) and initial approval from the Texas Board of Nursing (TBON). The Commission on Collegiate Nursing Education (CCNE) acted in April 2013 to grant accreditation to the baccalaureate degree program, effective September 2012 and extending to June 2018. In September of 2017 the GGHSON obtained a ten year accreditation until 2028.

Initially, the GGHSON offered two pre-licensure tracks of study: a traditional undergraduate track consisting of four semesters or 16 consecutive months, and a second degree track offered in three semesters over the course of 12 consecutive months. The two tracks were merged into a single 16 month accelerated Bachelor of Science in Nursing (BSN) track. Subsequently, a second Registered Nurse (RN)-BSN track was added to the program. This RN-BSN track is delivered online and was designed specifically to accommodate the working RN. Both new program tracks were approved by the Texas Tech University System Board of Regents and the THECB in November 2013.

The GGHSON currently offers two baccalaureate program tracks and one master's level program:

Accelerated Bachelor of Science in Nursing (ABSN): The ABSN track is 16 months in length and is designed as a face-to-face program that combines the independence of online learning with educational clinical experiences in major hospitals and relevant clinical and public health agencies. In addition, students have the opportunity for learning experiences in a state-of-the-art simulation center. The program is ideal for students who desire a baccalaureate nursing degree with or without a degree in another area of study.

Registered Nurse to Baccalaureate Science in Nursing (RN-BSN): The RN-BSN track is designed to accommodate the working registered nurse and can be completed in three semesters of full-time study, or four semesters if attending part-time. The 30-hour program is conducted fully online with the course work divided into mini semesters that last seven weeks.

Master of Science in Nursing (MSN): In April 2017, the THECB approved the Master of Science in Nursing (MSN) program. In January 2018, the MSN program, with a focus in leadership, matriculated its first cohort. The MSN program was designed in a hybrid format as a part-time, 39 academic-credit-hour program to be completed in seven consecutive semesters. Students enroll in six credit hours each semester and complete 2-3 days on-campus intensives over several semesters.

In October 2020, the Commission on Collegiate Nursing Education (CCNE) granted accreditation to the masters in nursing degree program, effective February 2020 to 2025.

L. Frederick Francis Graduate School of Biomedical Sciences

L. Frederick Francis Graduate School of Biomedical Sciences History

The Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso) L. Frederick Francis Graduate School of Biomedical Sciences (FGSBS) provides a learning environment where students and faculty make important research discoveries and contributions to the field of biomedical science. From cancer research with plant extracts to genetic manipulation, the FGSBS is highly focused on meeting the health challenges of today through active research and world-class education. The faculty and students of the FGSBS explore research in a variety of fields: cancer, HIV, diabetes, West Nile virus, influenza, movement disorders, and psychiatric disorders just to name a few.

The FGSBS opened its doors as an expansion of the TTUHSC Graduate School of Biomedical Sciences in Lubbock, TX and seated its first class of master's students at the El Paso Regional FGSBS campus in the fall of 2013. In August 2014, the Texas Higher Education Coordinating Board (THECB) officially acknowledged the creation of a freestanding, independent FGSBS at TTUHSC El Paso. In January 2016, the THECB approved the addition of the Master of Science (M.S.) in Biomedical Sciences to the TTUHSC El Paso degree program inventory.

The FGSBS currently offers the following programs:

Master of Science in Biomedical Sciences: The M.S. in Biomedical Sciences is a two year program structured around a core curriculum in biomedical sciences that provides foundational coursework in the areas of biochemistry, cell biology, genetics, laboratory methodology, and biomedical research. Beyond providing the necessary coursework, the program emphasizes providing superior and competitive training environments in diverse state-of-the-art research laboratories for students engaged in a mentored research project. Along with research experience, students have the opportunity to take elective courses during their second year that explore specialized topics, recent advances, and current literature within the biomedical sciences field. Instruction in these areas is provided by expert researchers and educators affiliated with both the Francis Graduate School of Biomedical Sciences (FGSBS) and the Paul L. Foster School of Medicine (PLFSOM).

Post-Baccalaureate Certificate Program: The Post-Baccalaureate Certificate is designed to meet the supplemental post-baccalaureate educational needs of professionals and of individuals with earned bachelor degrees who are in need of additional coursework for graduate school admission. The post-baccalaureate certificate program is a one-year program with a biomedical studies core curriculum. Post-Baccalaureate students must fulfill all the requirements for admission either to the TTUHSC El Paso's PLFSOM or the Woody L. Hunt School of Dental Medicine (WLHSDM). Depending whether the graduate is applying to medical school or dental school, the post-baccalaureate certificate program guarantees a one-time interview either to the TTUHSC El Paso's PLFSOM or the WLHSDM.

Paul L. Foster School of Medicine

Paul L. Foster School of Medicine History

The Paul L. Foster School of Medicine (PLFSOM) was established by the Texas Legislature in May 2007. The Liaison Committee on Medical Education (LCME) conferred preliminary accreditation status in February 2008, and the first class was seated in July 2009. In February 2013, the LCME granted full accreditation to the medical degree program through spring 2018. In November 2013, the Texas Higher Education Coordinating Board (THECB) granted approval to add the Doctor of Medicine (M.D.) degree to the Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso) program inventory. The LCME granted full accreditation to the PLFSOM again in June 2018 extending through academic year 2025-26.

The PLFSOM is a leader in educational innovation. The school's curriculum is highly integrated in clinical studies from day one. This structure provides the clinical context and motivation for learning, as well as a natural framework for highly coordinated and synergistic instruction in medical skills, medical Spanish, the various domains of public health, introductory diagnostic reasoning, ethics and professionalism. In addition, the PLFSOM is one of the few medical school in the U.S. requiring a fully integrated, pre-clerkship, medical Spanish course. This requirement not only reflects the needs of the region but the changing demographics throughout the U.S.

In year three, students participate in required clinical clerkships paired in two blocks: internal medicine, family medicine, and psychiatry; and obstetrics/gynecology, surgery, and pediatrics. This organization facilitates the inclusion and emphasis of integrated and learning experiences across disciplines. The fourth and final year of the medical school curriculum includes five required one-month experiences: a sub-internship selective (Family Medicine, Internal Medicine, Obstetrics/Gynecology, Pediatrics, or Surgery), critical care medicine, emergency medicine, neurology, and a "boot camp" designed to optimize a student's transition to residency. Also, fourth-year students complete at least 16 weeks of electives, selecting from a large and diverse array of two and four-week offerings.

In addition to the formal curricular elements described above, all PLFSOM students must design, implement, and publicly present the outcomes of a faculty-mentored independent scholarly research project. This requirement is supported by the school's Scholarly Activity and Research Program (SARP).

The PLFSOM currently offers the following programs:

Doctor of Medicine (M.D.): The Doctor of Medicine degree program at PLFSOM can be completed in four years and is composed of 157 credit hours.

Doctor of Medicine/Masters in Public Health (MD/MPH): The PLFSOM also offers students the option to participate in a MD-MPH dual degree program (offered in collaboration with UTHealth School of Public Health).

Distinction Programs:

Distinction in Anatomy

Distinction in Research and Scholarship

Distinction on Clinical Genetics

Woody L. Hunt School of Dental Medicine

Woody L. Hunt School of Dental Medicine History

In October of 2019, the Woody L. Hunt School of Dental Medicine (WLHSDM) was established by the Texas Legislature to address the shortage of dentists in West Texas and the borderlands. The Commission on Dental Accreditation (CODA) conferred preliminary accreditation status in February of 2020, and the first class was seated in July 2021. In October, 2019, the Texas Higher Education Coordinating Board (THECB) granted approval to add the Doctor of Dental Medicine (D.M.D.) degree to the Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso) program inventory. The program was also granted substantive change in October, 2019 from the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). In July of 2020, the THECB also approved a Community Health Certificate (C.H.C.) award for graduating students of the D.M.D. program.

The WLHSDM is an innovative leader in dental education. The school's curriculum is highly integrated between biomedical and clinical studies from day one. This structure provides a framework for clinical application of theoretical material. Early application of biomedical information with clinical skills promotes the motivation for learning, builds diagnostic reasoning workflows, and practices application of public health, conversational, medical, and dental Spanish, ethics and professionalism concepts. The first two years emphasize learning of core concepts in all fields with direct application in the clinical environment and public health venues to address the needs of the community and demographics. Year three and four provides clinical immersion experiences, community rotations, along with an individual research project and practice management coursework.

WLHSDM is one of the first United States dental schools to provide this depth of integration and application through symptom-based and case-based learning, while utilizing early reinforcement via clinical experience. System and discipline based iteration provides thoughtful repetition to assure understanding. A strong effort is made to provide dentistry through digital workflows whenever possible, preparing for the evolution of dentistry in the future.

Each student will complete a practicum experience, an individual research project, and a case report by graduation. Electives are available within the summer of the second year and the final three semesters of the curriculum for tailored learning experiences. Early completion of clinical experiences and competency assessments allows further individualized education plans to be utilized.

The WLHSDM currently offers the following degree program:

Doctor of Dental Medicine (D.M.D.): The Doctor of Dental Medicine degree program at WLHSDM can be completed in four years and is composed of 170 credit hours. There is an option for four additional single credit hours for any elective taken in four semesters.

Resources

Libraries of the Health Sciences at El Paso

Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso) is home to the Delia Montes-Gallo Library, the Doris F. Eisenberg Library, and the MSBII Library, which all share many electronic resources with the multi-library system of the Texas Tech University Health Sciences Center (TTUHSC). The TTUHSC El Paso Libraries are one of the resource libraries of the Network of the National Library of Medicine/South Central Region.

At TTUHSC El Paso, the libraries work together to meet the curricular, research, and clinical information needs of the students, faculty, and staff of the Paul L. Foster School of Medicine (PLFSOM), Gayle Greve Hunt School of Nursing (GGHSON), L. Frederick Francis Graduate School of Biomedical Sciences (FGSBS), and the Woody L. Hunt School of Dental Medicine (WLHSDM). By extension, the libraries also exist to meet the information needs of the larger biomedical and health care community of West Texas and the U.S.-Mexico border region.

The libraries, which are located in three separate campus buildings, are open to the campus community 24/7 and to the public during staffed hours. The Delia Montes-Gallo Library and the MSBII Library are both staffed 40 hours per week. The Doris F. Eisenberg Library is staffed 79.5 hours per week, which includes evening and weekend hours.

All three libraries have both public and student-dedicated computers, and a staffed service desk. Together, the libraries provide a wide variety of services to the campus community including: book delivery, document delivery, interlibrary loan services, reference/instructional services, printing services (black and white, color, poster, and 3D), access to electronic resources, sound proof booths, and NapPods. The Doris F. Eisenberg Library and the MSBII Library provides additional services including: schedulable study rooms, a conference room reservation system, and designated quiet rooms.

TTUHSC El Paso Libraries currently employ 12.5 qualified, full-time equivalent employees, including three Association of Health Information Professionals (AHIP) certified professional librarians. In addition, an electronic virtual reference librarian system serves to assist in the delivery of services to distance education students. Librarians provide services to meet the needs of the educational and research programs on campus, including clinical medical librarian services for the PLFSOM's clinical clerkship and residency programs. Librarians also offer tailored and sophisticated information services to all members of the university community in person and through telephone, email, live chat and texting to ensure the timely delivery of requested information.

Combined, the TTUHSC El Paso Libraries offer collections of 16,475 printed monographs in remote storage; 58,768 individually purchased electronic books (eBooks); 28,340 electronic journal subscriptions purchased in collaboration with TTUHSC in Lubbock, Texas. In addition, the libraries also has a historical collection of bound printed journals. The TTUHSC El Paso Libraries provide electronic access to more than 44 databases, which include additional eBook, video, and journal content. Through a proxy server, users may access this material from off-site locations as well. In addition to providing database access, the libraries subscribe to a wide variety of electronic medical reference resources, which are accessible via either a personal computer or an affiliated user's mobile device. Mobile resource registration and downloadable applications are available on the libraries' website. The variety of different types of specialized medical resources available through the libraries' website include: medical research discovery tools, quick reference tools, medical exam question banks, evidence-based clinical decision support resources, electronic journals, educational audio lectures, Point-of-Care resources, and streaming video medical guides.

TTUHSC El Paso Libraries also provide access to library and learning resources not owned by the institution through memberships in regional, national and international library organizations and service networks. These networks allow for access to online databases, shared access to library catalogs, efficient document routing and delivery services through the Illiad interlibrary loan service.

Information Technology Overview

Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso) uses a wide range of information systems technologies to support its academic, clinical, research, and service missions. The services provided by the Information Technology (IT) department have enabled the institution to establish an integrated network that connects all TTUHSC El Paso schools and clinics together as a system, while extending the institution's outreach to communities in need. The department is comprised of the Office of the Chief Information Officer (CIO), Network Operations, Datacenter, Campus Technology, Information Management Systems, Information Security, Program Management and Finance Operations, and Research IT. These areas provide the institution with technology enabled services in the areas of Personal Computer (PC) support, server administration, data center operations, networking, programming support, data management, systems management, video teleconferencing, project management, and web service support. Services include the following:

- Providing and supporting a wide area data network that supports all schools, research, and outlying clinics.
- Providing and supporting network infrastructure among all locations.
- Providing institutional support for computers across all locations through telephone support, as well as actual hands-on repair and replacement of both hardware and software.
- Providing access to computer-based training on software programs and other technologies for students, faculty, and staff.
- Providing and supporting institutional data file storage and printing services;
- Providing and supporting an institutional messaging and collaboration systems.
- Supporting an institutional unified communications system;
- Providing essential backup services of institutional data.
- Providing physical and virtual hosting and support, maintenance, and backup of enterprise and departmental servers.
- Protecting the institution's electronic data from internal and external threats.
- Providing appropriate project management guidelines for all institutional information resource projects.
- Providing and supporting Internet connectivity, and remote Virtual Private Networking (VPN) with multi-factor authentication.
- Providing Wi-Fi services for end-users, patients and visitors across campus and at all remote sites.
- Providing, designing, and supporting web and other application development for academic and clinical information.
- Providing video teleconferencing networks and services for distance learning, telemedicine, and other institutional applications.
- Providing and operating an enterprise resource reservation system for the management and scheduling of multiple-use video teleconferencing facilities.
- Providing a digital signage system for the display of information of interest to the institution, such as news, announcements, special events, and emergency notifications.
- Providing governance and oversight of institutional IT projects.
- Providing guidance, oversight and review procurement for technology purchases.

Information Technology Security, Information Management Systems and Project Management Office

Information Security

Technology infrastructure and systems require a high level of security to protect sensitive and confidential information. Information Technology (IT) Security ensures that security measures and best practices are followed to provide confidentiality, integrity, and availability for critical and confidential information. Training, software, hardware, and staff support provide the critical components necessary for the security of institutional information assets.

Information Management Systems

The Information Management Systems' (IMS) team is dedicated to implement, train, design and support clinical, academics and enterprise software for both in-house and third-party applications. The IMS team works closely with department heads building alignment between IT and their technology needs.

In addition, the IMS team provide support for classroom technology; inclusive of computer labs, instructor workstations, audio/visual equipment, and support of integrated software featuring audio and video conferencing systems.

Project Management Office

The IT Project Management Office monitors each phase of project implementation -- reporting progress, issues, and trends to the Chief Information Officer -- and ensures compliance with applicable project management methodologies, processes and standards. Project management policies and procedures are reviewed at least once a year. This ensures continuous process improvement and verification of compliance with institutional, state and federal legislation and mandates.

Information Technology Digital Network And Research IT

Network

The existing network infrastructure provides full interconnectivity at all buildings and redundant path to most buildings, with high speed and full redundancy. The WAN portion of the network consists of circuits going to each remote site location.

The backbone infrastructure is supported by two internet service providers that connect to the network at two different entry points. These connections provide necessary redundancy for a fully reliable campus internet connection.

Data connectivity is provided for students in labs, classrooms, study areas, student centers, and libraries. Faculty, staff, and students can count on a reliable wireless network that is distributed throughout the campus as well as remote sites. Campus visitors have the capability of connecting to the internet.

Datacenter

Information Technology (IT) operates two datacenters on the TTUHSC El Paso campus. Both datacenters provide our physicians, students, staff and researchers with secure and efficient infrastructure services, including servers, storage, virtual desktops applications. Each datacenter is monitored by IT division 24x7, multifactor access security, video surveillance, physical security and redundant cooling and uninterruptible power supplies (UPS) capacity.

Research IT

The Research IT team provides direct information technology support to faculty and staff in the Office of Research and the Molecular and Translational Medicine department. The team also provides application and specialized technical support for lab and other research activities across campus.

TTUHSC El Paso Governance and Organization

Governance

The Texas Tech University (TTU) System, of which Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso) is a component institution, is governed by the TTU System Board of Regents. Board members are appointed by the governor of Texas with the advice and consent of the State Senate. Board members hold office for staggered terms of six years, with the terms of three members expiring every January 31 of odd-numbered years. A non-voting student regent is also appointed by the governor for a one-year term from June 1 to May 31. The ten-member Board of Regents of the TTU System is vested with the final authority for the operation of TTUHSC El Paso. The president of TTUHSC El Paso reports to the chancellor, who is the chief executive officer of the TTU System. The chancellor and president are responsible to the TTU System Board of Regents, which sets overall policy for the TTU System, TTU, Texas Tech University Health Sciences Center, TTUHSC El Paso, and Angelo State University. The current members of the TTU System Board of Regents as of January 2022 are as follows:

TTU System Board of Regents Current Members

Regent	Term Ends	Hometown
J. Michael Lewis	Jan. 31, 2023	Dallas
John Steinmetz	Jan. 31, 2023	Dallas
John Walker	Jan. 31, 2023	Houston
Ginger Kerrick	Jan. 31, 2025	Webster
Mark Griffin	Jan. 31, 2025	Lubbock
Dusty Womble	Jan. 31, 2025	Lubbock
Arcilia Acosta	Jan. 31, 2027	Dallas
Cody Campbell	Jan. 31, 2027	Forth Worth
Pat Gordon	Jan. 31, 2027	El Paso
Keaghan Holt	May 31, 2022	Seguin, Texas

The deans of the Paul L. Foster School of Medicine, Gayle Greve Hunt School of Nursing, and Graduate School of Biomedical Sciences report to the president who is chief executive officer of TTUHSC El Paso. In that role, each dean is fully responsible for the conduct and maintenance of quality academic and clinical programs, as well as related educational experiences and activities. This allows each school to establish and operate effective undergraduate, graduate, professional, residency, outreach, and continuing education programs that train and support professionals in medicine, nursing, and the biomedical sciences.

For a depiction of TTUHSC El Paso's administration and organizational structure, please refer to the TTUHSC El Paso Organizational Chart.

Glossary

Terms	Definitions
Academic Year	The time period containing the academic sessions held during consecutive Summer, Fall, and Spring semesters.
CBM Reports	Colleges and Universities submit the Coordinating Board Manual (CBM) reports to the Texas Higher Education Coordinating Board (THECB) as required by the Higher Education Coordinating Act of 1965 as amended (codified as Subtitle B, Chapter 61, Texas Education Code, 1971). All reports must be submitted electronically using the Electronic Data Transfer System.
Degree	An award conferred by a college, university, or other postsecondary education institution as official recognition for the successful completion of a program of studies.
Enrollment	Students enrolled in courses on the census date for the reporting term.
Faculty	A person appointed to a position defined by a college or university. Categories include Professor, Associate Professor, Assistant Professor, and Instructor, and may include such non-instructional staff such as Counselor/Advisors, and Librarians.
Fiscal Year	A twelve-month period running from September 1st through the following August 31st.
Head Count	Count of individuals (e.g., students, staff, faculty).
In-State Student	A student who is a legal resident of the state in which he/she attends school.
Non-Resident Alien	A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely.
Out-of-State Student	A student who is not a legal resident of the state in which he/she attends school.
Race/Ethnicity (IPEDS)	Categories developed in 1997 by the Office of Management and Budget (OMB) that are used to describe groups to which individuals belong, identify with, or belong in the eyes of the community. The categories do not denote scientific definitions of anthropological origins. The designations are used to categorize U.S. citizens, resident aliens, and other eligible non-citizens. Individuals are asked to first designate ethnicity as: Hispanic or Latino - Not Hispanic or Latino. Second, individuals are asked to indicate one or more races, as applicable, from among the following: American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander and White.
Residence	A person's permanent address determined by such evidence as a driver's license or voter registration.
Staff	University employees who are employed full-time and are not classified as faculty.
