HSCEP OP: 10.01, Operating Policies and Procedures for TTUHSC El Paso

PURPOSE: The Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso) Operating Policy and Procedure (HSCEP OP) system was instituted in order to standardize TTUHSC El Paso policies and procedures and to provide a consistent and coherent method of defining TTUHSC El Paso policy on any given matter. The system is intended to:

1. Provide a TTUHSC El Paso-wide pattern of developing policies and procedures;
2. Outline a standard format for policies and procedures;
3. Provide a rapid means of identification of policies and procedures;
4. Facilitate continuity of high performance even though personnel assignments change; and
5. Ensure the periodic review and updating of all HSCEP OPs.

All TTUHSC El Paso policies and procedures should be developed in the format indicated in this HSCEP OP and processed through the approval procedures as set out in this memorandum.

REVIEW: This HSCEP OP will be reviewed on March 1 of each odd-numbered year (ONY) by the chief operating officer (COO) or designee, with recommendations for revision forwarded to the president by March 15.

POLICY/PROCEDURE:

I. Format.

A. All HSCEP OPs for TTUHSC El Paso will follow the format used here. There will be three major sections as follows:

   PURPOSE
   REVIEW
   POLICY/PROCEDURE

B. The PURPOSE section should provide a rationale for the policy/procedure. The rationale might be a reference to a legal requirement, the General Appropriations Act, State Constitution, Regents’ Rules, a statement of the goal(s) that the HSCEP OP is attempting to facilitate, or some other description of the reasons for the implementation of the policy.

C. The REVIEW section should define the individual(s) responsible for reviewing the HSCEP OP and the date the review takes place.

D. The POLICY/PROCEDURE section should explain the who, what, when, where, how, and why of the policy/procedure.

E. The heading and format of all HSCEP OPs should be similar to this document. The font to be used is Arial, 10 pt.

II. Development of a Policy/Procedure.
A. Any department head at TTUHSC El Paso may propose a new policy or procedure, or a revision to an existing one, by routing the suggestion (in the proper format) through administrative channels for review and approval.

B. The flow for the creation of a new HSCEP OP is illustrated below:

1) Department head develops;
2) Responsible vice president (VP) or dean reviews and approves;
3) Draft of new HSCEP OP is sent to the COO or designee;
4) COO or designee assigns a number to the new HSCEP OP;
5) HSCEP OP is sent for approval to the person(s) listed in the REVIEW section who are responsible for reviewing the HSCEP OP;
6) HSCEP OP is sent to the president for final review and approval; any content changes will be communicated back to the persons listed in the REVIEW section; and
7) Office of the COO will submit for publishing on the Operating Policies website.

The reviewers should carefully proof the HSCEP OP. If a change is necessary, it should be noted in red. The reviewer should sign the transmittal letter and return the entire document to the Office of the COO or designee for revision.

If the reviewer makes no changes, he/she should sign the transmittal letter and return the entire document to the Office of the COO or designee.

The responsible VP or dean will conduct a cursory review of the HSCEP OP before signing. If he/she approves, he/she will sign the transmittal letter and forward the HSCEP OP to the Office of the COO or designee.

The Office of the COO or designee will use a tracking system for follow-up of the signature process.

III. Revision of an Operating Policy/Procedure.

A. To maintain an effective set of operating policies and procedures, it is necessary that all HSCEP OPs have a regular schedule of review and be revised as necessary. HSCEP OPs stay in full force and effect until republished, whether or not they have been through the scheduled review process.

B. An HSCEP OP can be revised at any time, not only during its scheduled review. Anyone wishing to recommend revisions should forward them to the reviewer identified in the REVIEW section. All revisions will follow the procedure outlined in Section 2.

C. The Office of the COO or designee will notify the responsible reviewer when an HSCEP OP is up for review by sending a transmittal letter along with a copy of the HSCEP OP to be reviewed.

1) The reviewer responsible for a scheduled review of an HSCEP OP should make the suggested revisions in red and return to the Office of the COO or designee within ten (10) working days from the date on the memo.
2) Any department head may suggest updating, revising, or canceling a HSCEP OP by sending a written suggestion through the above-cited channels. If, in the opinion of a department head, an HSCEP OP should be revised or canceled before the scheduled review cycle, the memorandum for the suggestion should indicate clearly why the author suggests the review should be undertaken immediately.

IV. Operating Policy Approvals and Numbering Plan. Operating policies are to be approved by the reviewer and the designated administrator for the specific area of the policy. However, any HSCEP OP, from any area, in which the chancellor wishes to personally approve and maintain a high level of involvement, will be placed in Category 01. Any HSCEP OP in which the president wishes to personally approve and maintain a high level of involvement will be placed in Category 10.

V. Policy versus Procedure. For purposes of the HSCEP OP manual, no distinction will be made between "Policy" and "Procedure." Most HSCEP OPs contain both. Both policies and procedures developed and approved under the authority of the TTUHSC El Paso administration will be included within the TTUHSC El Paso Operating Policy and Procedure Manual.

The HSCEP OPs are subordinate to higher authorities, including federal law, rules and regulations; state law, rules and regulations; and Texas Tech University System Board of Regents policies and orders.

VI. Publication. The procedures for publication are as follows:

A. HSCEP OPs are available online. The Office of the COO or designee will electronically submit HSCEP OPs that have been approved for publication for inclusion on the TTUHSC El Paso homepage on the internet. The address for online HSCEP OPs is: https://elpaso.ttuhsc.edu/opp/default.aspx

B. The Office of the COO or designee will post notice through the HSCEP OP webpage (https://elpaso.ttuhsc.edu/opp/default.aspx) when an HSCEP OP has been updated and published.

C. Those departments that wish to maintain HSCEP OP manuals may print the online HSCEP OPs upon notification of a new publication and place them in their manuals.

D. HSCEP OP manuals are available for reference in the TTUHSC El Paso library, reference sections. It is the responsibility of the library administration to maintain up-to-date HSCEP OP manuals.

VII. Authority Invoked by HSCEP OPs.

A. Should there occur at any time a conflict between a HSCEP OP and policy or procedure as reflected in documents of a higher authority (e.g., federal law, state law, Coordinating Board policy, Regents’ Rules), the policy or procedure document of higher authority will prevail.

B. Should there occur at any time a conflict between a HSCEP OP and policy or procedure of any other written or oral policy statement developed by an operating unit at TTUHSC El Paso, the policy or procedure of the HSCEP OP will prevail.

VIII. Faculty Review of HSCEP OPs. After a faculty related HSCEP OP (i.e., those in HSCEP OP section 60) has been reviewed, approved, and published, the Faculty Senate may review the
HSCEP OP and submit recommendations for changes to the individual responsible for reviewing the HSCEP OP. Any changes will be subject to the process noted above in Section 3.

IX. **Disclaimer Statement.** TTUHSC El Paso reserves the right to interpret, change, modify, amend or rescind any policy in whole or in part at any time without the consent of employees.
