PRESIDENT'S OUTSTANDING PROFESSOR AWARD NOMINATION FORM

The recipient of this award will have been recognized nationally and usually internationally for the importance of their scholarly achievements. They will also have demonstrated the breadth of interest characteristically encompassed by the traditional role of professor as teacher and public servant. They will have brought distinction to TTUHSCEP as a result of their activities.

Specifically, nominees for this award will have achieved a record judged by peers to be superior and outstanding in preferably all, but in at least two, of the following areas: superior teaching skills of recognized breadth and depth in their discipline; scholarly and research achievements; and a distinguished record of clinical service and community service.

Nominees will have already achieved an outstanding record comparable to that of scholars awarded named professorships at TTUHSCEP and elsewhere. That record will have been recognized by the University at previous opportunities where merit is rewarded, such as salary increases.

The Outstanding Professor Award will be conferred on members of the TTUHSCEP faculty with the rank of full professor whose achievement has already been recognized by the University. The individual must have been employed full-time at TTUHSCEP for at least ten years.

5,000 award
