Re: Subject# 15-ELP-001

Dr. Smith consented the subject on January 20, 2010. Dr. Smith, in error dated the consent form January 22, 2010. The dating discrepancy is not representative of an inappropriate consent process, but the result of a typo.

This note-to-file is to certify that Dr. Smith has been reminded to confirm the correct date in the future and to ensure that there has been appropriate PI overview of consent process.
