

This year the Foster School of Medicine is excited to host an in-person Summer Medical Camp for current and rising high school students. Participants will experience a week of engaging field trips to facilities such as University Medical Center of El Paso, the state-of-the-art TECHS simulation center and cutting-edge medical research labs. The camp will also feature guest speakers from different medical professions and college preparation workshops. Spots are limited to adhere to strict social distancing protocols and encourage participation of selected campers. Participants are selected based on quality of the submitted application. Lunch, snacks and all learning materials will be provided at no cost.

June 28 - July 2
July 19 - July 23
Monday-Friday
9 a.m. to 4 p.m.
