

Research Opportunities:

[AANS Medical Student Summer Research Fellowship - Neurological Surgery Research Fellowship](#)

[Alex's Lemonade Stand Foundation Pediatric Oncology Student Training - The POST program is designed for graduate and undergraduate medical students who have an interest in pediatric oncology research and would like to experience the field first hand. Students train with a pediatric oncology research mentor.](#)

[American Academy of Child and Adolescent Psychiatry Summer Medical Student Fellowships \(AACAP\) - The AACAP Summer Medical Student Fellowships offer a chance for medical students to explore a career in child and adolescent psychiatry, gain valuable work experience and meet leaders in the child and adolescent psychiatry field.](#)

[American Association for Thoracic Surgery Summer Scholarships in Cardiothoracic Surgery \(AATS\) - The AATS Summer Intern Scholarship program introduces the field of cardiothoracic surgery to first and second year medical students from North American medical institutions. The summer intern scholarship provides medical students with insight into the scientific investigation and study of cardiothoracic surgery.](#)

[American Brain Tumor Association Medical Student Summer Fellowship Program - The Medical Student Summer Fellowships are awarded to current medical students wishing to spend a summer conducting brain tumor research with esteemed scientist-mentors. The intent of this program is to motivate talented medical students to pursue a career in neuro-oncology research.](#)

[American Society of Hematology Minority Medical Student Award Program \(MMSAP\) - The MMSAP is an 8-12 week summer research experience for underrepresented minority students in their first or second years of medical school.](#)

[Anesthesia: Medical Student Anesthesia Research Fellowship](#)

[Arnold P. Gold Foundation Student Summer Fellowships - The Gold Foundation offers fellowships that provide medical students the opportunity to complete a research or service project related to community health.](#)

[ASTRO Minority Summer Fellowship Award - The purpose of the ASTRO Minority Summer Fellowship award is to introduce students from backgrounds that are under-represented in medicine to the discipline of radiation oncology early in their medical education. The experience is designed to expose students to clinical, basic and translational research questions in radiation oncology.](#)

[Autism: Organization for Autism Research Graduate Research Grant](#)

[Biomedical: MGH Summer Research Trainee Program](#)

[Campagna Summer Research Scholarship in Neurological Surgery - The scholarship supports a 10-week summer semester of research under the supervision of a neurosurgical mentor at Oregon Health & Science University \(OHSU\) and residence expenses in Portland, Oregon.](#)

[Cancer: Roswell Park Comprehensive Cancer Center's Summer Research Program](#)

[Cardiothoracic: Harvard VRIP Summer Research](#)

[Carolyn L. Kuckein Student Research Fellowship](#)

[Children's Hospital Los Angeles Summer Oncology Fellowship Program - This program is intended to provide the highest quality experience for first-year medical students pursuing interests in oncology research.](#)

[Children's Mercy Hospital Orthopedics Summer Scholar Program- Children's Mercy Hospital's Orthopedic Summer Scholar Program provides scholarships for students to do research with orthopedic staff and faculty. The purpose of this program is to address important questions that affect the health of Children's Mercy patients and to introduce promising students to the fields of pediatric orthopedics and pediatric rehabilitation.](#)

[Clinical and Basic Science Research Fellowships for Underrepresented Minority Medical Students](#)

[CNS/CSNS Medical Student Summer Fellowship in Socioeconomic Research. - This fellowship is open to all medical students in the United States and Canada with an interest in the socio-economic issues that impact the field of Neurosurgery.](#)

[David and Ethel Platt Family Physician Summer Fellowship - Family Medicine Clinical Preceptorship](#)

[David E. Rogers Fellowship Program - The program, through the New York Academy of Medicine, offers fellowships to support summer projects for first year medical students.](#)

[Diversity Mentorship Program - Dermatology Mentorship Program](#)

[Endocrine Society Research Experiences for Graduate and Medical Students \(REGMS\) Program - The Endocrine Society offers research experiences to encourage promising undergraduate students, medical students and students entering graduate school to pursue ca](#)

[Endocrinology: NIDDK Medical Student Research Program in Diabetes](#)

[ENT: Myers' Family Diversity Summer Travel Fellowship in Otolaryngology Medical Students](#)

[Epidemiology Elective Program - Global Health Research Fellowship](#)

[Ethics: FASPE Medical Fellowship](#)

[FAERS Medical Student Anesthesia Research Fellowship \(MSARF\) - The Foundation for Anesthesia Education and Research Medical Student Anesthesia Research Fellowships provide students with a challenging and rewarding experience that exposes them to the opportunities within the medical field of anesthesiology and research.](#)

[General: AOA Carolyn L. Kuckein Student Research Fellowship](#)

[GE-NMF Primary Care Leadership Program - Primary Care Service-learning Program](#)

[GI: SAGES - Gastrointestinal and Endoscopic Surgeons](#)

[GI: Vanderbilt Medical Student Research Training Program](#)

[Gina M. Finzi Memorial Student Summer Fellowship Program](#)

[Global Health Programs for Fellows and Scholars](#)

[Government Relations Advocacy Fellow - Health Policy Internship](#)

[Gundersen Health System's A.C.V. Elston III, MD, Summer Research Fellowship program](#)

[Harvard Catalyst Visiting Research Internship Program \(VRIP\) - This summer research program is designed to enrich medical students' interest in research and health-related careers. In addition to a mentored clinical/translational research experience, VRIP students will participate in weekly seminars with Harvard faculty focusing on topics such as research, methodology, health disparities, ethics and career paths.](#)

[Harvard-Longwood Research Training in Vascular Surgery - Harvard Medical School is offering student summer research fellowships in vascular surgery, including research training in molecular and cell biology, biomechanics, coagulation and thrombosis, and angiogenesis, with a focus on clinically relevant problems such as atherogenesis, intimal hyperplasia, prosthetic/host interactions and thrombosis.](#)

[Heart, Lung and Blood \(HLB\) Summer Research Program- The Heart, Lung and Blood Summer Research Program through CaseWestern Reserve University is designed to engage undergraduates and medical students in state-of-the-art biomedical research in cardiovascular, pulmonary, hematological and sleep disorders research.](#)

[Hematology Opportunities for the Next Generation of Research Scientists Icahn School of Medicine at Mount Sinai Department of Otolaryngology Research Fellowships](#)

[Interventional Radiology: SIR Summer Research Grant](#)

[Jeanne Spurlock Research Fellowship in Substance Abuse and Addiction for Minority Medical Students](#)

[Johns Hopkins University Summer Employment - Johns Hopkins University is recruiting qualified medical students to work in their summer program.](#)

[Johns Hopkins University's Center for Talented Youth provides academically talented young students aged 8-16 the opportunity to take rigorous summer courses in mathematics, science, computer science, humanities and writing. Medical students during the summer between their first and second years are needed for the position of health assistant.](#)

[M.D. Anderson Cancer Center Summer Research Program - The 10-week program provides interested students with an opportunity to participate in biomedical research experiences related to oncology and to be introduced to the clinical problems presented by cancer patients. At the end of their summer experience, students will submit their research data in journal article format.](#)

[Mallinckrodt Institute of Radiology Summer Program - Washington University's and Mallinckrodt Institute of Radiology's cosponsored program provides an introduction to current radiological sciences research. Participants develop close interaction between c](#)

[Master of Science in Clinical Research Methods](#)

[Mayo Clinic Summer Research Fellowship - The Summer Research Fellowship was created to address the need for clinical investigators from diverse backgrounds. The health needs of U.S. minority populations have been studied inadequately, due in part to the s](#)

[Medical Research Scholars Program - Research Enrichment Program](#)

[Medical Scholars Research Fellowship - Biomedical Research](#)

[Medical Student Rotation for Underrepresented Populations](#)

[Medical Student Summer Fellowship Program - Neurology / Oncology Research Fellowship](#)

[Medical Student Summer Fellowship Program - Oncology](#)

[Medical Student Summer Scholars Program - Research Program](#)

[Medical Student Training in Aging \(MSTAR\) Program- Administered by AFAR and the National Institute on Aging \(NIA\), the MSTAR Program provides medical students with an enriching experience in aging-related research and geriatrics, with the mentorship of top experts in the field. This program introduces students to research and academic experiences early in their training that they might not otherwise have during medical school.](#)

[MS Medical Student Mentorship](#)

[National Injury Research Training Program - The Center for Injury Research and Policy in the Research Institute at Nationwide Children's Hospital hosts a summer training program that focuses on research training to future physician-investigators while introducing them to the field of injury research and prevention.](#)

[National Institutes of Health \(NIH\) Summer Internship Program in Biomedical Research \(SIP\) - Summer programs at the National Institutes of Health \(NIH\) provide an opportunity to spend a summer working at the NIH side-by-side with some of the leading scientists in the world, in an environment devoted exclusively to biomedical research.](#)

[Neurosurgery Research and Education Foundation - The Medical Student Summer Research Fellowship program is open to medical students in the United States or Canada who have completed one or two years of medical school and wish to spend a summer working in a neurosurgical laboratory, mentored by a neurosurgical investigator who is a member of the American Association of Neurological Surgeons \(AANS\).](#)

[Neurosurgery: Allegheny Summer Internship Program](#)

[NIH Duke Training Program in Clinical Research](#)

[Oncology: Summer Training for Medical Students](#)

[One-Year Mentored Research Training Opportunity for Medical Students](#)

[Ophthalmology: Health Equity Ophthalmology Summer Program - University of Michigan](#)

[Ophthalmology: Scholars in Ophthalmology Program at Mass Eye and Ear and Harvard Medical School](#)

[Orthopaedic Research Fellowship](#)

[Orthopedic Surgery: Hospital for Special Surgery Medical Student Summer Research Fellowship](#)

[Orthopedic Surgery: Silberstein Pediatric Orthopaedics Research Fellowship](#)

[Orthopedic Surgery: University of Texas at Austin - Value-Based Health Care Summer Research Internship](#)

[Pediatric Oncology Education Program](#)

[PM&R: Shirley Ryan Ability Lab PM&R Summer Externship](#)

[Postdoctoral Fellowship in Cardiovascular Sciences at the Cardiovascular Center at the Medical College of Wisconsin](#)

[Psychiatry: AACAP Research Fellowship in Substance Abuse and Addiction](#)

[Pulmonology: Cincinnati Children's Summer Medical Student Respiratory Research Fellowship](#)

[Rad Onc: ASTRO Minority Summer Oncology Fellowship](#)

[Regenerative Medicine: ENGAGE - National Center for Regenerative Medicine](#)

[Rehabilitation Institute of Chicago Summer Externship Program - This Summer Externship program, sponsored by the Department of Physical Medicine and Rehabilitation of Northwestern University Medical School, is held at the Rehabilitation Institute of Chicago \(RIC\), located in downtown Chicago at the McGaw Medical Center. This program offers a unique and early clinical exposure related to the care of persons with acute and chronic disabilities for comprehensive rehabilitation. Primarily, students will assist in the clinical management of patients admitted to RIC. In addition, students will participate in a research project in a rehabilitation related field. There will be ongoing didactic and in-service efforts directed at the M1-M2 student level.](#)

[Research Training Program in Diabetes, Endocrinology and Metabolism](#)

[Roswell Park Cancer Institute Summer Oncology Research Program - Expand your horizons in the care and treatment of cancer patients by participating in state-of-the-art clinical research. Special emphasis is placed on cancer prevention through lectures and](#)

[RSNA Research Medical Student Grant - Radiology/Radiation Oncology Research Grant Award](#)

[Sarnoff Fellowship](#)

[Simon Kramer Society Summer Externship in Radiation Oncology - The Simon Kramer Society Externship in Radiation Oncology, awarded annually, provides a unique opportunity for medical students to obtain experience in radiation oncology.](#)

[Siteman Cancer Center at Washington University School of Medicine and Barnes-Jewish Hospital -Siteman Cancer Center invites undergraduate, graduate and medical students to participate in the Leah Menshouse Springer Summer Opportunities Program. This program is designed to provide participants with hands-on cancer research experience. Opportunities range from basic science research to clinical research to prevention/control and population research.](#)

[St. Jude Children's Research Hospital - NIH/NCI-funded Pediatric Oncology Education \(POE\) Program - The Pediatric Oncology program offers a unique opportunity for students preparing for careers in medicine to gain biomedical and oncology research experience. Medical students will work in clinical research with physicians and staff in areas such as chart review, record screening and examination, data collection and entry and may also apply to attend clinics and observe procedures.](#)

[Summer Oncology Fellowship - Pediatric Oncology Research Fellowship](#)

[Summer Preceptorship Program - Family Medicine Clinical Preceptorship](#)

[Summer Psychiatry Research Fellowship for Underrepresented Medical Students](#)

[Summer Research Fellowship Program - Infectious Disease / Microbiology / Immunology Research Fellowship](#)

[Summer Research Program for Medical Students - Oncology Research Program](#)

[Summer Research Trainee Program](#)

[Summer SEARCH/COPC Program - Community Health Clinical Experience](#)

[Surgery: University of Michigan Leagues Fellowship](#)

[SVS Foundation Student Research Fellowship - Vascular Surgery Research Fellowship](#)

[The CDC Experience Applied Epidemiology Fellowship](#)

[The Ferdinand C. Valentine Student Research Grants in Urology](#)

[The Urology Research Innovation and Leadership Fellowship](#)

[Trauma: INSIGHT](#)

[Underrepresented Minority Medical Student Research Program - Hematology/Oncology Research](#)

[Program for Research Initiated by Students and Mentors \(PRISM\)](#)

[Visiting Research Internship Program](#)

[William B. Bean Student Research Award - Medical History / Humanities Research Award](#)
