

PAUL L. FOSTER SCHOOL OF MEDICINE
PROCEDURES FOR TENURE
2013-2014 Review Cycle

IMPORTANT NOTIFICATION – In accordance with decisions issued by the State of Texas Office of the Attorney General regarding privacy of documents, Paul L. Foster School of Medicine acknowledges and maintains that all materials collected or generated as part of the Tenure and Promotion (T&P) packet constitute reports of a medical committee and/or medical peer review documents. As such, this confidential information is available solely to persons who are involved in the deliberative T&P process or those who review documentation at the behest of the T&P Committee. Once the faculty candidate submits the dossier, s/he shall not have access to the tenure packet. The prohibition against disclosing reports of a medical committee and/or medical peer review information includes, but is not limited to, the dossier, ballots, letters of reference, communications regarding the T&P process, recommendations by the Department T&P Committee and Chair, the School T&P Committee, the Dean, the President, and Regents, respectively.

Each faculty member on the tenure track must be considered for tenure no later than during the *next to the last* probationary year of that faculty member's appointment. For the purposes of tenure and computation of probationary years accrued, each faculty member's appointment is considered to have begun on the 1st day of September of the *calendar year* during which the initial appointment was made. **The maximum probationary periods for Assistant Professor, Associate Professor and Professor are 7 years.** Under exceptional circumstances, faculty may be considered for early tenure (HSC OP 60.01, 7.b.).
