TITLE: GE Centricity Business (CB) Dictionary 120 = Commercial Insurance Companies

Policy#: BIS 6

Policy: The purpose of this policy is to document the guidelines to maintain dictionaries in the GECB practice management system.

Procedure:

1) The Information Management Systems Department and MPIP are jointly responsible for the maintenance of the Commercial Insurance Dictionary (D120) in the GECB practice management system. The access to dictionary editing is limited to the campus analyst security profile. This dictionary can be edited directly by the campus analyst.

2) Requests for dictionary updates are posted in the MPIP SharePoint site under the Dictionary Request section, Insurance Dictionary Request.

3) Add/Update requests may be submitted by clinical or MPIP staff, and the campus analyst will evaluate each request for accuracy prior to making any changes to dictionary content. The issue is assigned to Sr. Director for billing and collections for review of Payer ID numbers.

4) Before adding the COMMERCIAL INSURANCE, D120 must be retrieved and reviewed to prevent duplicate entries.
