Anthony Esposito, MIP Executive Director

Department: MPIP Central Registration

TITLE: Identify the UMC Hospital Service Codes related to Texas Tech Physician services

Policy #7

Policy: The purpose of this Policy is to identify the UMC Hospital Service Codes from UMC and El Paso Children's Hospital that are related to Texas Tech Physician services using the Yes/No List. Central Registration staff will process the Hospital Service Codes in the "Yes" category for Demographic and Insurance verification.

Procedure:

- 1) Hospital reports are retrieved from the Patient Registration System:
<https://awscsw01.ttuhscc.edu/PatientRegistration/>
- 2) Log in with Eraider credentials.
- 3) Select the MPIP Converter Tab and enter date of service in the Date Range field and click Search.
- 4) Click on Save to Excel icon and Click Open.
- 5) Sort Excel report by Hospital Service and remove UMC Hospital Service Codes that will not be processed using the Yes/No List. Exhibit A.
- 6) Hospital reports are assigned daily to the Central Registration staff for processing. Reports are exported from MPIP Converter to Excel format and uploaded in the MPIP Shared Drive>Central Registration folder>Report Name>Month.
