ORTHOPAEDIC SURGERY AND REHABILITATION

FOSTER SCHOOL OF MEDICINE

July - September 2022

*Happy
Fall!*

Farewell to

Dr. James Nelson

Thank you for your many years of service to the department and the El Paso community!

We wish you all the best in your new opportunity.

Please Welcome

Jazmine Garibay - CMA

**Lisete Sanchez - Medical Admin
Secretary**

Incoming Faculty

In October, we will be welcoming a new physician to our team:

Dr. Taylor Yong

Trauma

Texas Tech Physicians of El Paso
July 14 · 🌐

Make sure you grab a copy of *The City Magazine El Paso* 's August issue, as Dr. Shawn Diamond, specialist in plastic, hand, microvascular and reconstructive surgery at Texas Tech Physicians of El Paso, will be featured! 🙌

Dr. Diamond utilizes his expertise as an assistant professor in the #TTUHSCelPaso Department of Surgery/Division of Plastic and Reconstructive Surgery.

To learn more about Dr. Diamond or make an appointment with one of our world-class physicians, visit our ... [See more](#)

Dr. Diamond , Dr. Corning and Dr. Rajani were featured on **Texas Tech Physicians of El Paso's** social media this summer!

Texas Tech Physicians of El Paso
July 21 at 2:28 PM · 🌐

Meet Rajiv Rajani, M.D., 🙌 chair of the Department of Orthopaedic Surgery and Rehabilitation at Texas Tech Physicians of El Paso and associate professor at Texas Tech University Health Sciences Center El Paso.

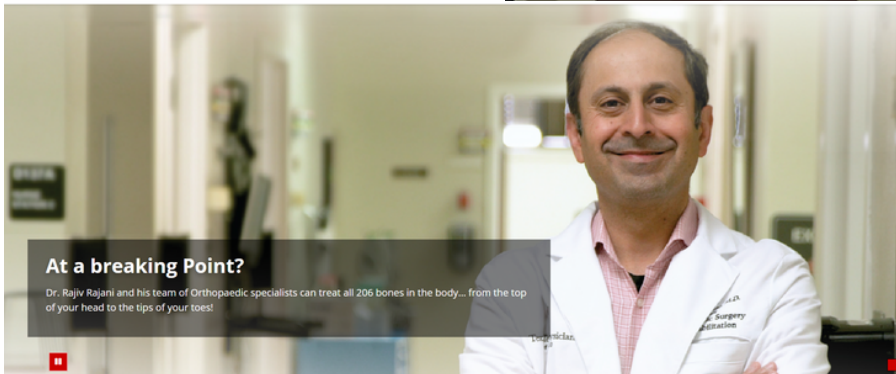

Dr. Rajani is one of our more than 250 World-Class Patient Care specialists at #TTPElPaso and he is bringing to light Sarcoma Awareness Month! 🙌🙌🙌

To make an appointment with one of our #WorldClassPatientCare physicians visit the link in our bio!

Welcome to the website for TTUHSC El Paso Orthopaedic Surgery and Rehabilitation! Our department is comprised of faculty surgeons, physician extenders, administrative staff and research staff. We also have a very unique residency program that is dual civilian-military, in partnership with William (see the "Residency" tab from the menu). We see our patients in the operating room or in our clinic for pre-op appointments, wound care, splints/casts, and follow-up.

We work closely with [UMC Rehabilitation](#) (with four different locations across our patients into the therapy they need as soon as possible after their surgeries.

We're also updating the UMC ortho website. Check it out [here](#).

Medical Services Orthopedics

UMC El Paso Orthopedics

Quickly, safely and easily transfer your patients to our care by calling 1-800-473-8440 or 915-479-3424.

University Medical Center of El Paso is a Level I Trauma Center, and therefore sees patients from various parts of Texas, New Mexico and Mexico on a wide spectrum of orthopedic conditions. The proximity to the border of Mexico in particular results in many orthopedic injuries that are rarely seen elsewhere in the country. See the menu on the right for the exceptional Services and Procedures our surgeons provide.

University Medical Center of El Paso also offers expert care in our Medical Unit, Surgical Unit, Critical Care Unit, Telemetry Unit and Operating Rooms. All of their services are supported by the professionals who staff University Medical Center of El Paso's fully accredited [Regional Laboratory](#), [Radiology Department](#), and [Pharmacy](#).

Clinic Leadership

Rajiv Rajani, MD
Chief of Orthopedics

Dr. Rajiv Rajani is the Chair and Associate Professor of the Department of Orthopedic Surgery & Rehabilitation at Texas Tech University Health Sciences Center El Paso, Paul L. Foster School of Medicine. He received his MD from the University of Michigan, completed his residency at Emory University, and his fellowship in Pediatric and Adult Orthopedic Oncology at the University of Florida. He is ABOJ board certified. His expertise especially lies in the diagnosis and treatment of all bone and soft tissue tumors of the extremities in both pediatric and adult patients.

Adam Adler, MD
Director of Orthopedic Trauma Service
