

MEMORANDUM

TO: MSIII's Students

FROM: Lorena Villalobos
Clerkship Coordinator
Pediatrics Administration

DATE: July 7, 2008

RE: History & Physical Write-ups

As an important part of your learning Pediatrics, you will be asked to turn in History & Physical write-ups from each service. You will be given instructions during Orientation.

History & Physical write-ups (H&Ps) are to be turned in during or by the time you have completed the section (Ward, Nursery) that you are assigned to. *Make sure the H & P's have your name and the name of the Attending Physician.*

Please use the attached History/Physical Examination Evaluation Sheets for an outline when doing your H & P's.

If patients are *not seen* during your Providence rotation, then no H & P is required, but if patients *are seen*, then an H & P is required.
