

TEXAS TECH UNIVERSITY HEALTH SCIENCES CENTER EL PASO,
PAUL L. FOSTER SCHOOL OF MEDICINE
2019 RESIDENCY MATCH

The Texas Tech University Health Sciences Center El Paso, Paul L. Foster School of Medicine, Class of 2019 has had a successful match process through the National Residency Match Program (NRMP). The NRMP oversees a computerized process that links choices of graduating medical students with preferences of Residency Program Directors. Results were announced on “Match Day,” March 15, 2019.

Overall, 99 senior medical students at TTUHSC El Paso, Paul L. Foster SOM were successful in matching to excellent graduate medical education positions. Of them, 53% are remaining in Texas and 47% have matched to Primary Care (Family Medicine, Internal Medicine, Pediatrics or Obstetrics-Gynecology). Three students will begin their service to our country through the military match. Sixteen students will remain in El Paso. “Paul L. Foster School of Medicine students have matched into outstanding programs in our state and across the nation. It is exciting that we have matched a record number to residency programs here in El Paso. It is generally accepted that residents often remain in the region where they trained which indicates that our school is fulfilling its mission to increase the number of practicing physicians in the El Paso region. We enthusiastically welcome them into great careers in medicine and wish them all the best as they continue on the path to fulfilling their dreams,” said Herb Janssen, Ph.D., Interim Associate Dean for Student Affairs.
