TRUSTED.

KNOWLEDGEABLE.

PREPARED. PROFESSIONAL.

COMPASSIONATE.

Hunt School of Nursing students and alumni are well-prepared and equipped to care for their community. These trusted heroes are there from birth to end of life, in joy and sorrow, helping the community heal.

In 2021, the Hunt School of Nursing will celebrate its 10-year anniversary. Over the last decade, more than 800 nurses have graduated and the vast majority of them have stayed in El Paso to serve our community. Now is the time to support our future front-line health care heroes. How can you help?

Hunt School of Nursing students average \$24,000 in unmet financial need while they are enrolled in the school's rigorous, accelerated 16-month program. We are asking for your financial support to help nursing students complete their degrees, reduce student debt and achieve their goals of becoming registered nurses to serve our community where they are needed the most.
